Public Forums Discuss Pollak Library Renovations

March 19, 2015

Plans for the renovation of Pollak Library and reopening of the south entrance will be presented during March 23 forums in which students, faculty and staff are invited. The 10 a.m. and 2 p.m. forums will be held in Room 130 of the Pollak Library. The architect from the consulting firm; Scott Hewitt, interim university librarian; and LOFT co-chair Amir Dabirian, vice president for information technology, will lead the sessions.

The University’s Library of the Future Task Force began a visioning process in 2013 based on goals from the CSU Libraries of the Future Task Force (LOFT) and feedback from the campus community. The task force’s recommendations guided the LOFT steering committee in their work with Pfeiffer Partners Consulting planning needed renovations.
